

Plastic PP PS Thermoforming Roll Sheet Extruder Machine with Sheet Width 600 3000 mm

Our Product Introduction

for more products please visit us on plasticextrudersmachine.com

Basic Information

- Place of Origin: Shandong, China
- Brand Name: Changyue
- Certification: CE
- Packaging Details: Export Film Packing / According To Customer

Product Specification

- Model NO.: SJ 90
- Board Layers: Multilayer
- Screw No.: Multi-screw
- Automation: Automatic
- Computerized: Computerized
- Customized: Customized
- Condition: New
- After-Sales Service Provided: Engineers Available To Service Abroad
- Sheet Width: 600 - 3000 Mm
- Sheet Thickness: 0.2-2 Mm
- Delivery Time: 15 Days (1 - 1 Pieces) To Be Negotiated (> 1 Pieces)
- Loading Port: Qingdao Port
- T Die Brand: Jc Times
- Transport Package: Film

Product Description

Product Description

PP PS PE ABS sheet/board production line

Product description

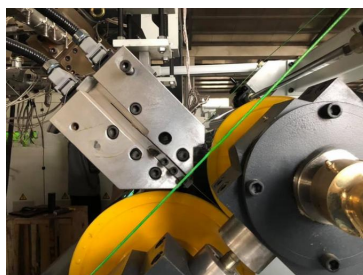

PP PE sheet extruding line consists of single screw extruder, clothes rack type mould, three-roller calendar, cooling haul rack, sheet shearing machine and other auxiliary machines. It can be used to produce all kinds of soft and hard PP PE board, PP PE sheet and transparent PP PE sheet. It is widely used in the following fields: PP PE wood plastic sheet, PP PE crust foaming sheet and PP PE foaming construction plate, etc.

Product Parameters

Technical data

Summary	PP/PE/ABS
Suitable resin	600-3000mm(customized)
Sheet width	0.2-5mm(as requirement)
Sheet thickness	150-1000kg/h
Capacity	380v 3phase 50HZ
Power supply

Company

Profile

Qingdao Changyue Plastic Machinery Co.,LTD is a professional company specialize in designing and manufacturing plastic extrusion machine.

We developed many kinds of plastic extrusion equipment together with many polymer professional and Chemical Engineering companies. Meanwhile the company introduced and absorbed the advanced plastic processing technology, which can provide the technology and machinery one-stop service.

Our products mainly include PVC wall panel line, PVC/WPC profile line, WPC foam board line, WPC hollow door board line, PVC.PE/PP/WPC sheet / board lines, HDPE/PP/ PVC / PPR pipe lines, film blowing machine and T shirt bag making

machines. Our machines are with stable performance and advanced technology. The newly developed PVC wall panel machine,.PVC wood-plastic foam sheet / board machine, wood-plastic hollow door machine, wood-plastic floor and SHJ series parallel twin-screw pelletizing equipment are in the leading position in the world. Our machines are exported to more than 20 countries which are located in Europe, Middle East, Africa, South America, Southeast Asia, Russia and other places.
