

## WPC Profile Extrusion Machine 150kg/H-360kg/H WPC Door Frame Making Machine

Our Product Introduction

### Basic Information

- Place of Origin: Shandong, China
- Brand Name: Changyue
- Packaging Details: Export Film Packing / According To Customer
- Delivery Time: 15 Days (1 - 1 Pieces) To Be Negotiated ( > 1 Pieces)

### Product Specification

- Model NO.: SJ10
- Screw Channel Structure: Deep Screw
- Exhaust: Exhaust
- Automation: Automatic
- Computerized: Computerized
- After-Sales Service Provided: Engineers Available To Service Abroad
- Transport Package: Film
- Specification: 20\*1.5\*3.5m
- Trademark: HYD
- Origin: Shandong, China
- Type: Profile Extruder
- Plastic Processed: PVC
- Feeding Mode: One Feed
- Assembly Structure: Separate Type Extruder

## Product Description

Durable SJ10 PVC WPC Solid Door Frame Making Machine for Plastic Processing

**solid WPC door frame production line / extrusion machine**

**WPC solid door frame production line / making machine**

**PVC / WPC hollow door frame production line / making machine**

**PVC WPC door frame extrusion production line**

**PVC door frame production line/extrusion machine**

### Product description

PVC profile has such characteristics as sound separation, sound absorption, heat separation, temperature-keeping etc. The materials is incombustible, it is safe for use.

All series of products have property of moisture proof, mildew proof, water resistance, its vibration resistant effect is good. All series of products have property of weathering proof, its luster may remain forever, it is not easy to be ageing. This product is light, storage & transport, construction are rather convenient. This product can be worked with normal tools for wooden material. Drilling, sawing, nail, planing, bonding can be conducted like wooden material. It is suitable for thermal bending and fold processing. It can be welded, it can also be bonded with other PVC material. The surface of this product is smooth, it can be printed (clean the surface before printing).

### Machine list

Item	component	quantity
1	double screw extruder	1 set
2	mould	as your require
3	vacuum calibration tank	1 set
4	haul off machine	1 set
5	cutter	1 set
6	stacker	1 set

### Technical data

Model	YF180	YF240	YF300	YF400	YF500	YF600
max. width of production (mm)	180	240	300	400	500	600
extruder model	SJSZ55/110	SJSZ65/132	SJSZ65/132	SJSZ65/132	SJSZ80/156	SJSZ80/156
capacity (kg/h)	150	250	250	250	360	360
extruder power (kw)	22	30/37	30/37	30/37	55	55
cooling water (M <sup>3</sup> /h)	5	7	7	8	10	12
compressed air (M <sup>3</sup> /h)	0.2	0.3	0.3	0.3	0.4	0.4
