

## Sjsz 80/156 Extruder Size PVC Sheet Production Line with Deep Screw Channel Structure

Our Product Introduction

more products please visit us on [plasticextrudersmachine.com](http://plasticextrudersmachine.com)

### Basic Information

- Place of Origin: Shangdong, China
- Brand Name: Changyue

### Product Specification

- Fuction: Building Decoration
- Feeding Mode: One Feed
- Extruder Size: Sjsz 80/156
- Screw Channel Structure: Deep Screw
- Warranty: 1 Year
- Board Layers: Single Plate
- Customized: Customized
- Trademark: Changyue
- Highlight: 80/156 pvc sheet production line,  
80/156 pvc marble sheet production line,

## Product Description

### Product Description:

The PVC Sheet Production Line is equipped with a powerful 55kw main motor, which ensures that the machine operates efficiently and effectively. With this kind of power, you can be sure that the machine can handle even the most demanding of production requirements. The machine is designed with a single plate board layer, which ensures that the final product is consistent and of high quality.

Additionally, the feeding mode is optimized for one feed, which means that the machine is easy to operate and maintain, which can save you time and money in the long run.

As a Changyue product, the PVC Sheet Production Line is built to the highest standards of quality and reliability. We pride ourselves on our commitment to providing our customers with the best possible products and services, and this machine is no exception.

The PVC Sheet Production Line is equipped with automatic control, which means that the machine can operate without the need for constant human intervention. This feature makes the machine more efficient and reduces the likelihood of errors during production.

If you're looking for a plastic sheet extruder machine that can handle all your PVC sheet production needs, the PVC Sheet Production Line from Changyue is the machine for you. With its powerful motor, single plate board layer, and automatic control, this machine is the perfect addition to any production line. So why wait? Invest in the PVC Sheet Production Line today and start producing high-quality PVC sheets in no time!

### Features:

Product Name: PVC Sheet Production Line

Feeding Mode: One Feed

Customized: Customized

Extruder Model: Sjsz 80/156

Trademark: Changyue

Marketing Type: Ordinary Product

Our PVC Sheet Production Line is a plastic sheet extrusion machine that is perfect for producing PVC sheets for various applications such as pvc sheet thermoformer machine and marbel wall pvc panel production line. Its customized feeding mode and Sjsz 80/156 extruder model ensure that the production line is efficient and reliable. Our product is marketed as an ordinary product under the Changyue trademark.

### Technical Parameters:

Product Name	PVC Sheet Production Line
Specification	25*1.5*2.5
Control	Automatic
Board Layers	Single Plate
Sheet Width	700-2000mm
Feeding Mode	One Feed
Trademark	Changyue
Main Motor	55kw
Automatic	Automatic
Function	Building Decoration
Customized	Customized

### Applications:

The PVC Sheet Production Line is equipped with a powerful main motor of 55kw, ensuring efficient and smooth operations. The machine's extruder size is SJSZ 80/156, which is perfect for producing high-quality sheets with precision and accuracy.

The PVC Sheet Production Line is a customized product that can be tailored to meet specific requirements. The machine's specifications are 25\*1.5\*2.5, making it ideal for small to medium-sized production plants.

The PVC Sheet Production Line is a versatile machine that can produce various types of plastic boards, including PVC marble sheets.

This product is widely used in the construction industry to give a luxurious and elegant appearance to walls and ceilings. With the PVC marble sheet line, businesses can produce premium-quality sheets that are durable, easy to clean, and long-lasting.

The PVC Sheet Production Line is perfect for businesses that require a plastic board making machine for their daily operations. This machine can produce high-quality sheets at a fast pace, ensuring an uninterrupted supply of products. It is suitable for businesses of all sizes, from small start-ups to large-scale production plants.

### Customization:

## Support and Services:

The PVC Sheet Production Line product comes with comprehensive technical support and services to ensure optimal performance and productivity. Our team of experienced technicians and engineers are available to provide assistance with installation, training, and maintenance of the equipment.

We also offer customized solutions to meet specific requirements and provide timely and efficient after-sales services to ensure minimal downtime in case of any issues. Our commitment to quality and customer satisfaction means that we are always available to address any concerns and provide prompt solutions to ensure smooth operations of the PVC Sheet Production Line product.

## Packing and Shipping:

Product Packaging:

The PVC Sheet Production Line will be packed in a sturdy wooden crate to ensure safe transportation.

Shipping:

The product will be shipped via sea or air freight, depending on the customer's preference. We will arrange for the shipment to be delivered to the customer's desired location.

## FAQ:

**Q: What is the brand name of the PVC Sheet Production Line?**

A: The brand name of the PVC Sheet Production Line is Changyue.

**Q: Where is the PVC Sheet Production Line manufactured?**

A: The PVC Sheet Production Line is manufactured in Shangdong, China.

**Q: What is the capacity of the PVC Sheet Production Line?**

A: The capacity of the PVC Sheet Production Line varies depending on the specific model. Please refer to the product specifications for more information.

**Q: Is installation and training included with the purchase of the PVC Sheet Production Line?**

A: Yes, installation and training are included with the purchase of the PVC Sheet Production Line. Our team will provide on-site support to ensure proper setup and operation.

**Q: What type of PVC sheets can be produced with the PVC Sheet Production Line?**

A: The PVC Sheet Production Line can produce a variety of PVC sheets including rigid PVC sheets, foam PVC sheets, and transparent PVC sheets.
