

## Single Plate Board Layers Plastic Board Machine for PVC Materials and Machine Speed of 2-20 M / Min

Our Product Introduction

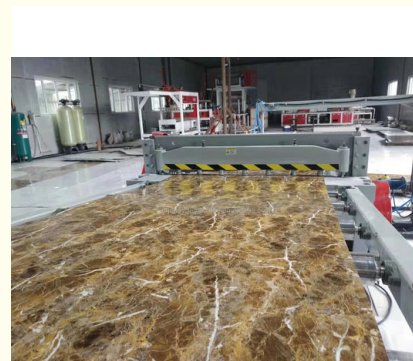

### Basic Information

- Place of Origin: Shandong, China
- Brand Name: Changyue
- Certification: CE, ISO9001
- Model Number: SJSZ80/156
- Minimum Order Quantity: 1 SET
- Price: USD72000-USD85000
- Packaging Details: As per customer
- Delivery Time: 60 days
- Payment Terms: L/C, T/T
- Supply Ability: >5 SETS

### Product Specification

- Product Type: PVC/WPC Board
- Trademark: Changyue
- Hs Code: 84772090
- Machine Speed: 2-20 M / Min
- Sheet Width: 1220mm
- Origin: Qingdao, China
- Machine Type: Extrusion Line
- Motor Brand: Weg/Siemens
- Highlight: 1220mm plastic board machine, 1220mm plastic extruders machine

## Product Description

### Product Description:

One of the key features of the Plastic Board Machine is its automatic operation. This feature allows for the machine to be operated with minimal human interaction, which reduces the risk of accidents and errors. The extrusion line machine is also equipped with advanced technology that ensures the production of consistent and high-quality plastic sheets.

The Plastic Board Machine is designed with durability in mind. It is built with high-quality materials that can withstand the wear and tear of daily use. This machine is also easy to maintain, which ensures that it will last for many years and provide a high return on investment for businesses.

The extrusion line machine is suitable for producing a wide range of plastic sheets. It can be used to produce sheets of varying thicknesses and widths. This makes it a versatile machine that can be used for multiple applications. The plastic sheets produced by the machine can be used for packaging, construction, and other industrial applications.

In conclusion, the Plastic Board Machine is a reliable and efficient machine that is perfect for companies that require a high-volume output of plastic sheets. Its automatic operation, durability, and versatility make it an ideal choice for businesses that want to increase their production capacity while maintaining a high level of quality. With its advanced technology and built-in safety features, the Plastic Board Machine is a smart investment for any company that requires a plastic sheet machine.

### Features:

Product Name: Plastic Board Machine

Board Layers: Single Plate

Model: SJSZ80/156

Features: Automatic Operation

Trademark: Changyue

Sheet Width: 1220mm

Product Attributes:

Plastic Panel Production Line

Plastic Board Extrusion Line

Polyethylene Board Extrusion System

### Technical Parameters:

Motor Brand	Weg/Siemens
Sheet Width	1220mm
Model	SJSZ80/156
Engagement System	Full Intermeshing
Machine Speed	2-20 M / Min
Machine Type	Extrusion Line
Board Layers	Single Plate
Trademark	Changyue
Hs Code	84772090
Origin	Qingdao, China

This is a Plastic Plate Extruder that belongs to the Plastic Panel Production Line. This extrusion machine is manufactured by Changyue and has a width of 1220mm. Its model is SJSZ80/156 and it has a Full Intermeshing engagement system. The machine speed ranges from 2 to 20 M / Min and it is a Single Plate extrusion line. Its HS code is 84772090 and it is manufactured in Qingdao, China.

### Applications:

The Plastic Board Machine is designed for various application occasions and scenarios. It is ideal for producing PVC boards for use in construction, furniture, packaging, and advertising industries. The machine can produce a wide range of PVC boards with different sizes, thicknesses, and colors. With a minimum order quantity of one set, the machine is suitable for small to medium-sized businesses that require a reliable and efficient plastic machine.

The Plastic Board Machine is an excellent investment for any company that needs to produce high-quality PVC boards in large quantities. The price for this machine ranges from USD72000 to USD85000, depending on the packaging details and delivery time. The delivery time is 60 days, and the payment terms are L/C and T/T. Changyue is a trusted manufacturer that offers more than five sets of this machine, ensuring that you can get your orders whenever you need them.

The Plastic Board Machine is an extrusion line that uses a full intermeshing engagement system. This system ensures that the PVC boards produced are of high quality and have a smooth surface finish. The machine is also easy to operate and maintain, making it an

excellent addition to any PVC board production plant.

The HS code for this machine is 84772090, and the product type is PVC/WPC Board. This machine is a must-have for any company that specializes in PVC board production. It is built to last and will provide you with years of reliable service. If you're looking for a top-quality plastic machine, the Changyue Plastic Board Machine is the perfect choice.

## Customization:

Model Number: SJSZ80/156

Place of Origin: Shandong, China

Certification: CE, ISO9001

Minimum Order Quantity: 1 SET

Price: USD72000-USD85000

Packaging Details: As per customer

Delivery Time: 60 days

Payment Terms: L/C, T/T

Supply Ability: >5 SETS

Model: SJSZ80/156

Machine Speed: 2-20 M / Min

Trademark: Changyue

Origin: Qingdao, China

Product Type: PVC/WPC Board

Enhance the production line of your Plastic Plate Extruder with our customized services to ensure optimal performance for your plastic board machine.

## Support and Services:

The Plastic Board Machine is a complex piece of equipment that requires technical support and services to ensure its optimal performance. Our team of experts is available to provide the following services:

Installation and setup

Maintenance and repair

Training and support

Parts and accessories

Upgrades and retrofits

Our technical support staff is knowledgeable and experienced in all aspects of the Plastic Board Machine and can help you troubleshoot any issues that may arise. We are committed to providing you with the highest level of service and support to ensure your machine operates at peak efficiency.

## Packing and Shipping:

Product Packaging:

Our Plastic Board Machine product is carefully packaged to ensure its safety during transport. It is wrapped in multiple layers of protective material, including bubble wrap and foam padding. The packaged product is then placed in a sturdy cardboard box, which is sealed tightly to prevent any damage during shipping.

Shipping:

We offer fast and reliable shipping for our Plastic Board Machine product. Our shipping partners are trusted and experienced, ensuring that your order will arrive in a timely manner and in good condition. We also offer tracking information for all orders, so you can easily monitor the progress of your shipment.

## FAQ:

**Q1: What is the brand name of this plastic board machine?**

A1: The brand name of this plastic board machine is Changyue.

**Q2: What is the model number of this plastic board machine?**

A2: The model number of this plastic board machine is SJSZ80/156.

**Q3: Where is this plastic board machine made?**

A3: This plastic board machine is made in Shandong, China.

**Q4: What certifications does this plastic board machine have?**

A4: This plastic board machine has CE and ISO9001 certifications.

**Q5: What is the minimum order quantity for this plastic board machine? What is the price range?**

A5: The minimum order quantity for this plastic board machine is 1 set. The price range is USD72000-USD85000.

**Q6: How is this plastic board machine packaged and delivered?**

A6: The packaging details of this plastic board machine are as per customer's requirements. The delivery time is 60 days. Payment terms are L/C and T/T. The supply ability is more than 5 sets.
