Basic Information

- Place of Origin: Shangdong, China
- Brand Name: Changyue

Product Specification

- Condition: New
- Screw Design: Single-screw
- Model No: SRL-Z 500/1000
- Trademark: CHANGYUE
- Automatic Grade: Full-Automatic
- Machinery Test Report: Provided
- Processing: Mixer
- Loading Port: Qingdao Port
- Highlight: 500/1000 plastic pipe crusher,
500/1000 plastic mixer crusher pulverizer

Product Description

Product Description:

With its brand name, CHANGYUE, you can be assured that this product is of the highest quality and is built to last. It is made of durable materials that can withstand heavy usage and is designed to deliver exceptional performance every time.

One of the key features of this product is its capacity, which is an impressive 350-500 KG/H. This makes it ideal for commercial use, where large quantities of plastic need to be processed quickly and efficiently.

The Plastic Mixer Crusher Pulverizer is also extremely versatile. It can be used as a Plastic Mixer Coarse Crusher or a Plastic Mixer Crusher, depending on your specific requirements. This makes it a great investment for businesses that have diverse plastic processing needs.

This product is also in pristine condition, as it is brand new and has never been used before. This means that you can expect it to work flawlessly and without any issues for a long time to come.

Finally, this product is shipped from Qingdao Port, which is known for its reliable and efficient port services. This ensures that you can receive your order in a timely and hassle-free manner, so you can start using your Plastic Mixer Crusher Pulverizer as soon as possible.

Overall, if you are looking for a high-quality, versatile, and efficient plastic crushing solution, look no further than the Plastic Mixer Crusher Pulverizer from CHANGYUE. It is the ultimate investment for businesses that need to process large quantities of plastic quickly and reliably.

Features:

Product Name: Plastic Mixer Crusher Pulverizer

Suitable For: PVC And Additives

Condition: New

Loading Port: Qingdao Port

Applicable Industries:

Manufacturing Plant

Home Use

Food Shop

Advantage: HIGH OUTPUT

Technical Parameters:

Machinery Test Report	Provided
Suitable For	PVC And Additives
Crushing Material	PVC HDPE PP PMMA ABS
Advantage	HIGH OUTPUT
Trademark	CHANGYUE
Processing	Mixer
Motor Brand	WEG/Siemens
Loading Port	Qingdao Port
Structure	Vertical
Condition	New

Applications:

The Plastic Mixer Crusher Pulverizer is a versatile machine that can be used in different scenarios. It can be used in plastic recycling plants, plastic manufacturing plants, and in research labs. The product is ideal for companies that deal with plastic waste and want to recycle it into new products. The machine can also be used to grind plastic materials into a fine powder for use in other applications. The PVC Crusher Pulverizer has a high output capacity that makes it perfect for large scale production. The product can crush and pulverize large quantities of plastic materials within a short period. This makes the product ideal for companies that have high production demands.

The Plastic Mixer Crusher is designed to be user-friendly. The product is easy to operate and maintain. The product is also durable and can last for many years with proper maintenance. The product is also designed to be energy-efficient, which helps to reduce energy costs.

The Changyue Plastic Mixer Crusher Pulverizer is a trusted product that has been used by many companies around the world. The product is known for its high quality and efficiency. The product is also affordable, which makes it accessible to companies of all sizes. The product is branded with the trademark CHANGYUE, which is a symbol of quality and excellence.

In conclusion, the Plastic Mixer Crusher Pulverizer is an essential product for companies that deal with plastic materials. The product is versatile, efficient, and easy to use. The product is also affordable and can help companies to reduce their production costs. The Changyue Plastic Mixer Crusher Pulverizer is a reliable product that can be trusted to deliver high-quality results.

Customization:

With our product customization services, we can tailor the Plastic Mixer Crusher Pulverizer to meet your specific needs. Whether you need a different crushing material or a different structure, we can work with you to create a product that fits your requirements. Choose Changyue for your Plastic Mixer Crusher Pulverizer needs. Our commitment to quality and customer satisfaction ensures that you will get the best product possible.

Support and Services:

Our Plastic Mixer Crusher Pulverizer is designed to meet the needs of plastic recycling industries. We offer technical support and services to our customers to ensure smooth operation and maintenance of the product. Our technical team is available to assist customers with any issues related to the product, including installation, operation, and troubleshooting. Additionally, we offer training services to our customers to help them better understand the product and its functionalities. Our service team is always ready to assist customers with any queries related to spare parts and maintenance. We also provide customization services to meet specific customer requirements. Contact us to learn more about our technical support and services.

Packing and Shipping:

Product Packaging:
1 Plastic Mixer Crusher Pulverizer
Instruction Manual
Power Cord
Shipping:
Shipping Method: Standard
Estimated Delivery Time: 5-7 business days
Shipping Cost: Free

FAQ:

Q: What is the brand name of this product?
A: The brand name of this product is Changyue.
