

## Customizable SJSZ80/156 Plastic Board Extrusion Line for Your Production Needs

### Our Product Introduction

#### Basic Information

- Place of Origin: Shandong, China
- Brand Name: Changyue
- Certification: CE, ISO9001
- Model Number: SJSZ80/156
- Minimum Order Quantity: 1 SET
- Price: USD72000-USD85000
- Packaging Details: As per customer
- Delivery Time: 60 days
- Payment Terms: L/C, T/T
- Supply Ability: >5 SETS

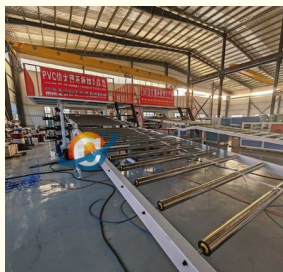

#### Product Specification

- Features: Automatic Operation
- Motor Brand: WEG/Siemens
- Hs Code: 84772090
- Machine Type: Extrusion Line
- Origin: Qingdao, China
- Materials: PVC
- Trademark: Changyue
- Sheet Width: 1220mm
- Highlight: 1220mm pp board extrusion line, 1220mm plastic board extrusion line

## Product Description

### Product Description:

The Plastic Board Machine has a sheet width of 1220mm, which allows it to produce boards of different sizes and thicknesses. The machine comes with automatic operation features that make it easy to use, even for inexperienced operators. With this feature, you can set the parameters of the machine, and it will automatically adjust to the desired settings.

The HS code for this product is 84772090, which means it is a machinery item that is used for the production of boards. The machine is designed to produce single plate board layers, which makes it ideal for a wide range of applications. Whether you need plastic boards for construction, signage, or packaging, this machine can produce them with ease.

Overall, the Polyethylene Board Extrusion System is a reliable and efficient production line that can help you meet your plastic board production needs. With its top-quality components, automatic operation, and single plate board layer feature, this plastic machine is an excellent investment for any business that needs to produce plastic boards.

### Features:

Product Name: Plastic Board Machine

Machine Speed: 2-20 M / Min

Product Type: PVC/WPC Board

Machine Type: Extrusion Line

Board Layers: Single Plate

Trademark: Changyue

Our Plastic Board Machine is the perfect solution for your PVC Board Production Plant or Plastic Panel Production Line. With a machine speed of 2-20 M / Min, we guarantee efficient and high-quality production. Our machine is designed for single plate board layers and is available in both PVC and WPC board types. Our trademark, Changyue, ensures that you are getting a reliable and trustworthy product.

### Technical Parameters:

Product Name	Plastic Plate Extruder
Product Type	Plastic Panel Production Line
Model	SJSZ80/156
Origin	Qingdao, China
Trademark	Changyue
Hs Code	84772090
Motor Brand	WEG/Siemens
Inverter Brand	ABB/Delta
Engagement System	Full Intermeshing
Features	Automatic Operation
Sheet Width	1220mm

### Applications:

### Customization:

Brand Name: Changyue

Model Number: SJSZ80/156

Place of Origin: Shandong, China

Certification: CE, ISO9001

Minimum Order Quantity: 1 SET

Price: USD72000-USD85000

Packaging Details: As per customer

Delivery Time: 60 days

Payment Terms: L/C, T/T

Supply Ability: >5 SETS

Materials: PVC

Features: Automatic Operation

Inverter Brand: ABB/Delta

Hs Code: 84772090

Engagement System: Full Intermeshing

The Plastic Board Machine is a production line that produces high quality PVC boards for various applications. Our extrusion line is designed for efficient and automatic operation, allowing for increased productivity and reduced labor costs. With the ability to customize packaging and quick delivery times, we aim to provide the best service to our customers. Contact us today to learn more about our Plastic Board Machine and how we can meet your production needs.

## Support and Services:

Our Plastic Board Machine product comes with comprehensive technical support and services to ensure the smooth operation of the machine. Our team of experienced technicians and engineers are available to provide technical assistance and troubleshooting for any issues that may arise during operation.

We also offer regular maintenance services to keep the machine running at optimal performance. Our maintenance services include cleaning, lubrication, and replacement of worn parts as needed.

In addition, we provide training services to ensure that users are able to operate the machine safely and efficiently. Our training services cover all aspects of machine operation, including safety procedures, maintenance, troubleshooting, and more.

## Packing and Shipping:

Product Packaging:

The plastic board machine will be securely packed in a wooden crate to prevent any damage during transport.

All necessary accessories and components will be included in the package.

Shipping:

The plastic board machine will be shipped via a reliable and reputable courier service.

Shipping fees will be calculated based on the destination and weight of the package.

The estimated delivery time will be provided upon shipment of the product.

## FAQ:

### Frequently Asked Questions:

**Q: What is the brand name of this product?**

A: The brand name of this product is Changyue.

**Q: What is the model number of this product?**

A: The model number of this product is SJSZ80/156.

**Q: Where is this product manufactured?**

A: This product is manufactured in Shandong, China.

**Q: Is this product certified?**

A: Yes, this product is certified with CE and ISO9001.

**Q: What is the minimum order quantity for this product?**

A: The minimum order quantity for this product is 1 set.

**Q: What is the price range for this product?**

A: The price range for this product is USD72000-USD85000.

**Q: What are the packaging details for this product?**

A: The packaging details for this product are as per customer.

**Q: How long is the delivery time for this product?**

A: The delivery time for this product is 60 days.

**Q: What are the payment terms for this product?**

A: The payment terms for this product are L/C and T/T.

**Q: What is the supply ability for this product?**

A: The supply ability for this product is greater than 5 sets.
