

Inverter ABB / Delta Pet Strap Band Production Line for Plastic Processed

Our Product Introduction

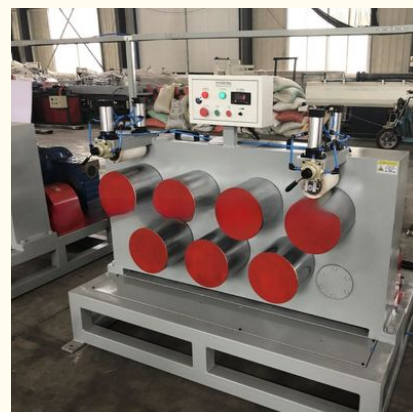

Basic Information

- Place of Origin: Shandong, China
- Brand Name: PET strap band extrusion line
- Certification: CE, ISO9001
- Model Number: SJ90
- Minimum Order Quantity: 1 SET
- Price: USD55000-USD85000
- Packaging Details: As per customer
- Delivery Time: 60 days
- Payment Terms: L/C, T/T
- Supply Ability: >5 SETS

Product Specification

- Transport Package: Export Package
- Inverter Brand: ABB/Delta
- Screw Channel Structure: Deep Screw
- Package Size: 500.00cm * 250.00cm * 200.00cm
- Suitable Material: Pet / PP
- Exhaust: Exhaust
- Motor Brand: WEG/Siemens
- Product Thickness: 0.5-1.5mm
- Highlight: **Pet Strap Band Production Line, Plastic Strap Band Production Line**

Product Description

Product Description:

The Strap Band Production Line is fully automatic, allowing for a seamless and efficient production process. You can trust in its reliability, as it is manufactured by Changyue, a trusted trademark in the industry. The feeding mode of this production line is one feed, which further streamlines the production process and increases productivity.

The motor brand used in the Strap Band Production Line is WEG/Siemens, which ensures optimal performance and energy efficiency.

The plastic extruder used in this production line is of top-notch quality, which guarantees the production of top-quality strap bands.

This extrusion line is designed to produce strap bands with precision and consistency, making it the ideal solution for those who require high-quality strap bands for their products. With the ability to produce strap bands of different colors and sizes, this production line is perfect for a wide range of applications.

In summary, the Strap Band Production Line from Changyue is an excellent investment for those looking for an efficient and reliable extrusion line to produce high-quality strap bands. With its automatic operation and one feed feeding mode, this production line is designed to optimize productivity and minimize downtime. The WEG/Siemens motor brand and top-quality plastic extruder ensure consistent high-quality strap bands for your products. Invest in the Strap Band Production Line today and take your strapping game to the next level!

Features:

Product Name: Strap Band Production Line

Automation: Automatic

Transport Package: Export Package

Inverter Brand: ABB/Delta

Screw: Single-Screw

Plastic Processed: Pet

Features:

Produces high quality pet belt

Fully automatic production line

Equipped with efficient extrusion machine

Uses single screw for maximum productivity

Packaged for easy export and transportation

Includes top of the line ABB/Delta inverter

Technical Parameters:

Automation	Automatic
Trademark	Changyue
Screw	Single-Screw
Motor Brand	WEG/Siemens
Plastic Processed	Pet
Exhaust	Exhaust
Power Supply	380V/50Hz
Transport Package	Export Package
Product Thickness	0.5-1.5mm
Product Width	9-19mm

Applications:

The PET strap band extrusion line is ideal for industries such as packaging, logistics, and transportation. This plastic machine can produce Pet Strap bands of different sizes and strengths to cater to different needs. Its screw channel structure is designed with a deep screw for efficient and consistent production.

Whether you need to secure heavy cargo during transportation or bundle products for storage, the Pet Strap band produced by this machine is a cost-effective and reliable solution. Its single-screw design makes it easy to operate and maintain, and it comes with a transport package for safe delivery.

With a minimum order quantity of 1 set and a price range of USD55000-USD85000, the PET strap band extrusion line is a worthwhile investment for businesses looking to produce their Pet Strap bands. The delivery time is 60 days, and payment terms include L/C and T/T.

Order now and experience the benefits of having your plastic extruder machine that can produce high-quality Pet Strap bands for your business needs. With a supply ability of over 5 sets and a trademark of Changyue, you can be sure that you're getting a reliable and trustworthy product.

Don't miss out on this opportunity to improve your business operations and invest in the PET strap band extrusion line today. Its HS code is 84772090, and its packaging details are as per customer requirements.

Customization:

Brand Name: PET strap band extrusion line
Model Number: SJ90
Place of Origin: Shandong, China
Certification: CE, ISO9001
Minimum Order Quantity: 1 SET
Price: USD55000-USD85000
Packaging Details: As per customer
Delivery Time: 60 days
Payment Terms: L/C, T/T
Supply Ability: >5 SETS
Package Size: 500.00cm * 250.00cm * 200.00cm
Inverter Brand: ABB/Delta
Exhaust: Exhaust
Screw Channel Structure: Deep Screw
Motor Brand: WEG/Siemens
This plastic machine is capable of producing pet belt or pet strap band with high quality and precision. Contact us today to discuss your customization needs!

Support and Services:

The Strap Band Production Line is a state-of-the-art machine designed to produce high-quality strap bands for a variety of applications. Our technical support and services team is dedicated to ensuring that your production line is running smoothly and efficiently at all times. We offer a comprehensive range of services including:

- Installation and commissioning of the production line
- Training for operators and maintenance staff
- Technical support for troubleshooting and problem-solving
- Regular maintenance and servicing
- Upgrades and retrofits for improved performance
- Supply of spare parts and consumables

Our team of experienced engineers and technicians are available to provide support and assistance whenever you need it. We are committed to ensuring that your production line is always operating at peak performance, helping you to maximize productivity and profitability.

Packing and Shipping:

Product Packaging:

Each strap band will be packed in a clear plastic bag.
50 strap bands will be placed in a cardboard box.
The cardboard box will be labeled with the product name, size, and quantity.

Shipping:

Shipping will be handled by a reputable carrier such as UPS, FedEx, or DHL.
The shipping cost will be calculated based on the weight and destination of the order.
The estimated shipping time will be provided at the time of purchase.

FAQ:

Q: What is the brand name of the strap band production line?
A: The brand name of the strap band production line is PET strap band extrusion line.

Q: What is the model number of the strap band production line?
A: The model number of the strap band production line is SJ90.

Q: Where is the strap band production line manufactured?
A: The strap band production line is manufactured in Shandong, China.

Q: What certifications does the strap band production line have?
A: The strap band production line is certified with CE and ISO9001.

Q: What is the minimum order quantity for the strap band production line?
A: The minimum order quantity for the strap band production line is 1 set.

Q: What is the price range for the strap band production line?
A: The price range for the strap band production line is between USD55000-USD85000.

Q: What are the payment terms for the strap band production line?
A: The payment terms for the strap band production line are L/C and T/T.

Q: What is the delivery time for the strap band production line?
A: The delivery time for the strap band production line is 60 days.

Q: What is the supply ability for the strap band production line?
A: The supply ability for the strap band production line is more than 5 sets.

Q: What are the packaging details for the strap band production line?
A: The packaging details for the strap band production line are as per customer's request.
