

Consistent Pulverizing with HIGH OUTPUT Plastic Mixer Crusher Pulverizer

Our Product Introduction

more products please visit us on plasticextrudersmachine.com

Basic Information

- Place of Origin: Shandong, China
- Brand Name: Changyue

Product Specification

- Screw Design: Single-screw
- Model No: SRL-Z 500/1000
- Suitable For: PVC And Additives
- Applicable Industries: Manufacturing Plant, Home Use, Food Shop
- Automatic Grade: Full-Automatic
- Capacity: 350-500 KG/H
- Plastic Type: PVC, ABS, PP/PE, PE, PMMA
- Processing: Mixer
- Highlight: pmma plastic pipe crusher,
500/1000 plastic pipe crusher,
pmma plastic mixer crusher pulverizer

Product Description

Product Description:

Featuring a powerful single-screw design, the Plastic Mixer Crusher Pulverizer is capable of processing a variety of plastic types, including PVC, ABS, PP/PE, PE, and PMMA. Its mixer function allows for the efficient blending of materials, while its crusher and pulverizer functions enable the machine to break down and reduce plastic material to the desired size and consistency.

The Plastic Mixer Crusher Pulverizer is easy to operate, with user-friendly controls and a simple loading process. Its loading port is located at Qingdao Port, making it convenient for international shipping.

Whether you're working with large-scale plastic production or smaller projects, the Plastic Mixer Crusher Pulverizer is a versatile and reliable choice. With its durable construction and efficient processing capabilities, this machine is sure to become an essential part of your plastic processing operation.

Invest in the Plastic Mixer Crusher Pulverizer today and experience the benefits of a high-quality plastic mixer coarse crusher pulverizer.

Features:

Product Name: Plastic Mixer Crusher Pulverizer

Trademark: CHANGYUE

Inverter Brand: ABB/Delta

Suitable For: PVC And Additives

Condition: New

Crushing Material: PVC HDPE PP PMMA ABS

Keywords: Plastic Mixer Coarse Crusher Pulverizer, Plastic Mixer Pulverizer, Plastic Mixer Coarse Crusher Pulverizer

Technical Parameters:

Crushing Material	PVC, HDPE, PP, PMMA, ABS
Model No	SRL-Z 500/1000
Inverter Brand	ABB/Delta
Condition	New
Machinery Test Report	Provided
Automatic Grade	Full-Automatic
Loading Port	Qingdao Port
Screw Design	Single-screw
Capacity	350-500 KG/H
Applicable Industries	Manufacturing Plant, Home Use, Food Shop

Applications:

The Plastic Mixer Coarse Crusher Pulverizer has a vertical structure, making it easy to use and maintain. It is perfect for companies that need to crush and pulverize PVC and additives to create new products. The product is new, ensuring that it is in excellent condition and ready to use.

The Plastic Mixer Coarse Crusher Pulverizer is suitable for various occasions and scenarios. For example:

Plastic Manufacturing Companies: The product is perfect for companies that require a high output of PVC and additives. It can help speed up the manufacturing process, ensuring that products are delivered on time.

Recycling Companies: The product can be used to crush and pulverize PVC and additives that are not being used. This can help recycling companies reduce waste and create new products.

Research and Development Departments: The product can be used to create new products and test different materials. It is perfect for companies that need to experiment with different materials and create prototypes.

Construction Companies: The product can be used to crush and pulverize PVC and additives that are used in construction. This can help construction companies reduce waste and create new products.

Plastic Recycling Centers: The product can be used to crush and pulverize PVC and additives that are not being used. This can help plastic recycling centers reduce waste and create new products.

In conclusion, the Plastic Mixer Coarse Crusher Pulverizer is a versatile product that offers high output and is perfect for companies that require a lot of PVC and additives. It has a vertical structure, making it easy to use and maintain, and is suitable for various occasions and scenarios. If you are looking for a durable and reliable product, then the Plastic Mixer Coarse Crusher Pulverizer is the perfect solution.

Customization:

Our Plastic Mixer Crusher Pulverizer product can be customized to meet your specific needs and requirements. As a trusted brand in the

industry, Changyue is committed to providing high-quality products that are designed and manufactured in Shangdong, China. We understand that different customers may have different plastic types, which is why we offer customization options for PVC, ABS, PP/PE, PE, and PMMA. Our inverter options include ABB and Delta, while our motor brands are WEG and Siemens. As a trademark of CHANGYUE, our Plastic Mixer Crusher is designed for efficient processing and can be tailored to your unique processing needs. Whether you require mixing, crushing, or pulverizing, our product has got you covered.

Support and Services:

The Plastic Mixer Crusher Pulverizer product comes with a comprehensive technical support and services package, which includes:

- Installation and setup guidance
- Training for operating and maintaining the equipment
- Regular maintenance and inspection services
- 24-hour technical assistance via phone or email
- Repair and replacement of faulty parts
- Upgrades and customization options

Our team of experienced technicians and engineers are dedicated to ensuring that your Plastic Mixer Crusher Pulverizer operates efficiently and effectively throughout its lifespan.

Packing and Shipping:

Product Packaging: -----

- 1 Plastic Mixer Crusher Pulverizer
- Instruction manual
- Power cord

Shipping:

Shipping method: Standard shipping

Estimated delivery time: 5-7 business days

Shipping cost: Free

FAQ:

Q: What is the brand name of the Plastic Mixer Crusher Pulverizer?
A: The brand name of this product is Changyue.

Q: Where is the Plastic Mixer Crusher Pulverizer manufactured?
A: This product is manufactured in Shangdong, China.

Q: What materials can be processed by the Plastic Mixer Crusher Pulverizer?
A: The Plastic Mixer Crusher Pulverizer can process various materials including plastic bottles, plastic pipes, plastic films, and plastic sheets.

Q: Is the Plastic Mixer Crusher Pulverizer easy to operate?
A: Yes, the Plastic Mixer Crusher Pulverizer is designed to be user-friendly and easy to operate. It comes with a clear instruction manual and our customer service team is always available to assist with any questions or concerns.

Q: What is the warranty period for the Plastic Mixer Crusher Pulverizer?
A: We offer a one-year warranty for the Plastic Mixer Crusher Pulverizer. Please see our warranty policy for more information.
