

ABB/Delta Inverter Plastic Board Extrusion Line for PVC Marble Sheet Manufacturing

Our Product Introduction

more products please visit us on plasticextrudersmachine.com

Basic Information

- Place of Origin: QINGDAO , CHINA
- Brand Name: Changyue
- Certification: CE , ISO9001
- Model Number: SJSZ 80/156
- Minimum Order Quantity: 1 SET
- Price: USD72000-USD85000
- Packaging Details: As per customer
- Delivery Time: 60 days
- Payment Terms: L/C, T/T
- Supply Ability: >5 SETS

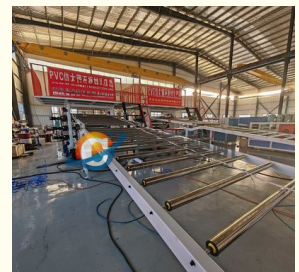

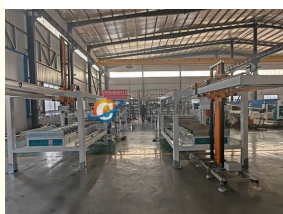

Product Specification

- Machine Type: Extrusion Line
- Trademark: Changyue
- Engagement System: Full Intermeshing
- Product Type: PVC MARBLE SHEET
- Sheet Width: 1220 MM
- Origin: Qingdao, China
- Inverter Brand: ABB/Delta
- Motor Brand: WEG/Siemens
- Highlight: pvc board making machine, pvc board machine, pvc board manufacturing machine

Product Description

Product Description:

The Plastic Plate Extruder is equipped with an inverter from trusted brands such as ABB and Delta, ensuring a stable and efficient process. The machine's full intermeshing engagement system guarantees a consistent output, making it an ideal choice for businesses that require a high volume of PVC marble sheets.

The motor of the PVC Board Production Plant is also of high quality, with options from WEG and Siemens. These brands are known for their reliability, ensuring that the machine runs smoothly and without any hiccups.

The PVC Board Production Plant is a trademark product of Changyue, a company renowned for its innovative and high-quality plastic extrusion machines. The machine is built with precision and is designed to last for years, making it a sound investment for businesses that require PVC Board Production Plant.

The Plastic Plate Extruder is an excellent addition to any production line, as it produces high-quality PVC marble sheets that can be used in various applications. These include wall cladding, flooring, and other decorative purposes.

In conclusion, the PVC Board Production Plant is an excellent investment for businesses that require PVC Board Production Plant. With trusted brands such as ABB, Delta, WEG, and Siemens, you can be sure that this machine will produce consistent and high-quality PVC marble sheets. As a trademark product of Changyue, you can be assured of its durability and long-lasting performance. Get your hands on this machine today and take your business to the next level!

Features:

Product Name: Plastic Board Machine

Origin: Qingdao, China

Engagement System: Full Intermeshing

Inverter Brand: ABB/Delta

Machine Type: Extrusion Line

Materials: PVC

Key Features:

Polyethylene Board Extrusion System

High quality plastic board extrusion line

Efficient and reliable

Advanced full intermeshing system

Top brand inverter for smooth operation

Technical Parameters:

Trademark	Changyue
HS Code	84772090
Materials	PVC
Origin	Qingdao, China
Product Type	PVC MARBLE SHEET
Features	Automatic Operation
Motor Brand	WEG/Siemens
Sheet Width	1220 MM
Engagement System	Full Intermeshing
Machine Type	Extrusion Line

Applications:

With CE and ISO9001 certifications, customers can trust in the quality of this product. The minimum order quantity is 1 set, with a price range of USD72000-USD85000. The Packaging Details are as per customer requirements, and delivery time is 60 days.

The PVC Board Production Plant is ideal for a variety of product application occasions and scenarios. This product can be used in construction, home decoration, advertising, and other industries. The machine can produce PVC marble sheets that can be used to decorate walls, ceilings, and furniture. The PVC sheets can also be used as a building material for various applications.

The Changyue Plastic Plate Extruder is a versatile machine that can produce PVC sheets of different sizes and thicknesses. The machine has a high output capacity, with a supply ability of >5 SETS. The inverter brand used in the machine is ABB/Delta, which guarantees reliable and efficient performance.

The Changyue PVC Board Production Plant is an excellent investment for businesses looking to manufacture high-quality PVC sheets.

With its exceptional performance and reliability, this machine is a must-have for any business in the construction, home decoration, or advertising industry.
Invest in the Changyue SJSZ 80/156 Plastic Plate Extruder today and take advantage of its exceptional features and benefits.

Support and Services:

Our Plastic Board Machine is designed to produce high-quality plastic boards for various applications. We offer technical support and services to ensure optimal performance and efficiency of the machine.
Our team of experts provides installation and commissioning services to ensure the machine is set up correctly and running smoothly. We also offer training services for operators and maintenance personnel to ensure safe and proper operation of the machine.
In addition, we offer regular maintenance and repair services to keep the machine in top condition and minimize downtime. Our team is available to provide remote technical support and troubleshooting to address any issues that may arise.
We are committed to providing exceptional customer service and support for our Plastic Board Machine to ensure customer satisfaction and success.
