

Plastic PVC MARBLE SHEET Board Machine for 1220 MM Sheet Width Extrusion Line

Our Product Introduction

more products please visit us on plasticextrudersmachine.com

Basic Information

- Place of Origin: QINGDAO , CHINA
- Brand Name: Changyue
- Certification: CE , ISO9001
- Model Number: SJSZ 80/156
- Minimum Order Quantity: 1 SET
- Price: USD72000-USD85000
- Packaging Details: As per customer
- Delivery Time: 60 days
- Payment Terms: L/C, T/T
- Supply Ability: >5 SETS

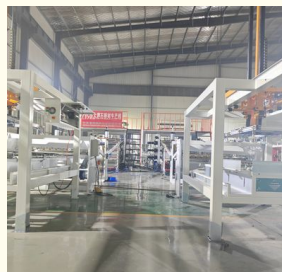

Product Specification

- Features: Automatic Operation
- Materials: PVC
- Origin: Qingdao, China
- Product Type: PVC MARBLE SHEET
- Sheet Width: 1220 MM
- Machine Type: Extrusion Line
- Trademark: Changyue
- Inverter Brand: ABB/Delta
- Highlight: pvc board making machine, pvc board machine, pvc board manufacturing machine

Product Description

Product Description:

The Plastic Board Extrusion Line comes with a powerful motor brand, WEG/Siemens, which ensures that the extrusion machine runs smoothly and with minimal noise. The motor is of high quality and is designed to withstand the heavy workload of the plastic machine. This feature ensures that the Plastic Board Extrusion Line is durable and reliable.

The Plastic Board Extrusion Line is designed to meet the requirements of the industry, with its HS code being 84772090. This ensures that the product meets all the necessary standards and regulations, making it safe and reliable for use.

The Plastic Board Extrusion Line is perfect for use in the production of PVC MARBLE SHEET. The sheet produced by the extrusion machine is of high quality and meets the industry standards. The Plastic Board Extrusion Line is designed to ensure that the produced sheet is of the correct width, which is 1220 MM.

In summary, the Plastic Board Extrusion Line is an advanced plastic machine that is designed for the production of high-quality PVC MARBLE SHEET. The extrusion machine is easy to operate, durable, and reliable, thanks to its powerful motor brand. The Plastic Board Extrusion Line meets all the necessary standards and regulations, ensuring that it is safe and reliable for use. The sheet produced by the Plastic Board Extrusion Line is of high quality and meets the industry standards. If you are looking for a reliable and efficient extrusion machine, the Plastic Board Extrusion Line is the perfect choice for you.

Features:

Product Name: Plastic Board Machine

Product Type: PVC MARBLE SHEET

Materials: PVC

Sheet Width: 1220 MM

Motor Brand: WEG/Siemens

Features: Automatic Operation

This machine is also known as Polyethylene Board Extrusion System, Polyethylene Board Extrusion System, and Plastic Sheet Machine.

Technical Parameters:

Features	Automatic Operation
Machine Type	Extrusion Line
Inverter Brand	ABB/Delta
Origin	Qingdao, China
Product Type	PVC MARBLE SHEET
Materials	PVC
Hs Code	84772090
Engagement System	Full Intermeshing
Sheet Width	1220 MM
Motor Brand	WEG/Siemens

Applications:

The Plastic Plate Extruder is made from high-quality materials, specifically PVC, which makes it durable and long-lasting. The full intermeshing engagement system ensures that the machine operates smoothly and efficiently. Additionally, the motor brand is either WEG or Siemens, which further guarantees the reliability of the machine.

The Plastic Sheet Machine is perfect for a variety of application occasions and scenarios. For example, it can be used to produce plastic boards for construction purposes, such as wall panels or flooring. It can also be used to produce plastic boards for advertising purposes, such as billboards or signs. The automatic operation feature of this machine makes it easy and convenient to use, allowing for high productivity and efficiency.

The Changyue SJSZ 80/156 Plastic Board Machine has a delivery time of 60 days and accepts payment through L/C or T/T. With a supply ability of more than 5 sets, this machine is perfect for businesses of all sizes looking to increase their production capabilities. The HS Code for this machine is 84772090.

Support and Services:

Our Plastic Board Machine product comes with comprehensive technical support and services to ensure smooth operation and maximum efficiency. Our team of experienced technicians is available to provide remote or on-site technical assistance, troubleshooting, and

maintenance services as needed. We also offer training and guidance to help you get the most out of your Plastic Board Machine, including installation support, machine operation training, and safety guidelines. In addition, we provide regular software updates and upgrades to keep your machine up-to-date with the latest technology. Our commitment to customer satisfaction means we are always here to help you, whether you need assistance with a technical issue or simply have a question about our product.
