

Stable Extrusion High Output Plastic Board Machine for Advertisement Industry

Our Product Introduction

for more products please visit us on plasticextrudersmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: CHANGYUE
- Certification: CE
- Model Number: SJSZ80/156
- Minimum Order Quantity: 1 SET
- Price: USD75000-85000 SET
- Packaging Details: 40HQ CONTAINER
- Delivery Time: 60 DAYS
- Payment Terms: L/C,T/T
- Supply Ability: 5 SETS

Product Specification

- Motor Brand: Weg/Siemens
- Package Size: 500.00cm * 250.00cm * 200.00cm
- Twin Screw Type: Conical Twin-screw
- Automation: Automatic
- Highlight: **Stable Extrusion Plastic Board Machine, Advertisement Industry Plastic Board Machine, High Output Plastic Board Machine**

Product Description

WPC/PVC foam board production line/plastic wood board making machine

Product description

Our PVC/WPC foam board machine includes the special twin-screw extruder, mould and other auxiliary machine. We use twin-screw extruder with compact structure, superior performance. And use the high-performance alloy steel for professional processing. So the machine has the advantages of uniform plasticizing, stable extrusion, high output, and long life. We can supply you the best material formulation and all of technology.

Main features

Architecture decoration industry: building template board, outdoors plate, residential house, office, separation of public building.
Household decoration: bathroom cabinet board, kitchen cabinet, furniture board, home decoration board.
Advertisement industry: screen printing, computer engraving, advertising board, exhibition plate, logo plate.

Technical data

Model	SJSZ80/156	SJSZ92/188	SJSZ80/156, SJSZ65/132
product width(mm)	1220	1600	1600-2050
product thickness(mm)	3-20	5-30	3-20
capacity(kg/h)	350	500	600
power of extruder (kw)	75	110	120
