

## Customizable Geo Extrusion Machine For High Performance Strap Band Manufacturing

Our Product Introduction

for more products please visit us on [plasticextrudersmachine.com](http://plasticextrudersmachine.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: CHANGYUE
- Certification: CE
- Model Number: SJ90
- Minimum Order Quantity: 1
- Price: USD 35000- USD 40000
- Packaging Details: film
- Delivery Time: 45
- Payment Terms: L/C, T/T

### Product Specification

- After Sales Service: Engineer Overseas Service
- Strap Strength: 30-100 KN
- Highlight: Customizable Geo Extrusion Machine, Strap Band Geo Extrusion Machine, High Performance geo extrusion machine

### Product Description

#### Geo Strap Band Production Line

#### Technical parameter:

Width	6-32mm,50-100mm
Linear speed	120m/min
Energy consumption	40kw
Output	100-200kg/h

Our Product

### Product description:

PE PET Fiber strapping band extrusion machine: PE PET fiber packing belt (polyester fiber flexible packing belt) is made up of many strands of polyester fiber. Is a safe, fast and economic packing strap. It has the characteristics of high strength, good weather resistance, safe use, high efficiency and environmental protection, etc.. Widely used in packing, goods transport goods bundled, delicate surface coating on the surface of goods packing, goods transport supplies fastening and binding, the oil and gas pipeline reinforcement, composite reinforcement, pressure vessel construction, civil engineering reinforcement etc.. In particular, it is simple and easy to use, the use of a relatively simple belt buckle, without any energy (such as: power, compressed air) without any auxiliary tools can be tied, the applicable environment is very broad.
